“The Attitude Doc”

Dr. Alexandra Delis-Abrams—ABC Feelings, Inc. and Attitudes, Beliefs & Choices—Women’s Empowerment Seminars and Children’s Motivational and Learning Programs and Play Shops; as well as Enlightened Education through powerful teaching tools. When asked why feelings are so important, Dr. Alexandra, driving force behind ABC Feelings, says "Teaching a child the vocabulary of feelings is as vital as teaching him/her to read." When a child has the words to express herself, she has no need to act out, out of frustration. As we learn to understand our feelings we learn about ourselves, which becomes the fertile foundation for a healthy and happy adult.
