The new book is about *The Sump'n Else Show* with Ron Chapman. It was broadcast live weekdays on WFAA-TV, Channel 8. The popular bandstand show originated at NorthPark Center from 1965-1968. The behind the scenes stories about this legendary show are told in this book for those who were there and for those who have only heard about it.

"The Sump'n Else Show" is available now at [www.Story-e-Books.com](http://www.Story-e-Books.com).

Back in the 60's even before cassettes and 8-tracks existed, vinyl was the way we bought our music.

The new super-size record store, Josey Records, has plenty of vinyl—45's and LP's—along with lots of CDs, DVDs and cassettes. You might even find some 8-track tapes if you're into them! No matter what your preference, you are sure to find every kind of music from the dollar bins to the collectibles.

Get your graphic illustrated tabletop book signed Saturday and pick up some music for that last minute Christmas or holiday gift.

Josey Records is located at 2821 LBJ Freeway. Exit Josey Lane from LBJ (635) and turn left at the first traffic light on Josey. Parking lot entrance is in back of the store. Phone number is 972-243-2039.
